ABOUT ME

Detail-oriented Computer Science and Design student with a strong foundation in problem-solving, web technologies, and UI/UX principles. Known for quickly learning new tools, collaborating effectively in teams, and building clean, user-friendly digital solutions. Passionate about applying technical skills and creativity to real-world challenges while continuously growing in a fast-paced, innovative environment.

EDUCATION

2022 - PRESENT	Bachelor of engineering (Computer Science and Design) Srinivas Institute of Technology
2020 - 2022	Science St. Philomena PU College
2017 - 2020	Karnataka secondary education board St. Victors Girls High School

PROJECTS

Online Flashcard for Learning

This project develops an interactive online flashcard platform to enhance learning, retention, and recall through customizable flashcards, spaced repetition, multimedia support, and progress tracking for a personalized study experience.

FlashChat (AI RESEARCH PAPER SUMMARIZATION)

FlashChat is an AI-powered learning platform built with Next.js, Express, and TypeScript that allows users to upload documents, generate flashcards, and interact with an AI assistant using Supabase-authenticated secure storage and chat-based learning.

TECHNICAL SKILLS

- | | | | |
|-----------------|--------|-------------|--------------|
| • C Programming | • Java | • Figma | • AutoCAD |
| • Python | • HTML | • Photoshop | • JavaScript |

SOFT SKILLS

- | | | | |
|-------------------|-------------------|-----------------|----------------|
| • Creativity | • Problem Solving | • Communication | • Leadership |
| • Time-management | • Collaboration | • Presentation | • Adaptability |

ACHIEVEMENTS

- Served as Envision Coordinator of ACODE (Association of Computer Science and Design Engineering) for the academic year 2023-24, organizing and managing events successfully.
- Served as President of ACODE in the year 2024-25, where I directed and executed event operations.
- Serving as the Cultural Secretary of Srinivas Institute of Technology, I oversee cultural events and activities.

CERTIFICATIONS

- AICTE Evaluated 2 Weeks Patent Course
- Celonis - Business Analyst Virtual Internship
- Google -Android Developer Virtual Internship
- UiPath - RPA Developer Foundation
- Global Certificate in Cloud Computing

AREA OF INTEREST

- Event Management
- Dance
- Drawing
- Listen to music/series
- Watch movies
